CLASS ACTION SETTLEMENT AGREEMENT

I. INTRODUCTION

A. The Action

1. This class action lawsuit for declaratory and injunctive relief as well as compensatory and punitive damages (the “Action”) was filed by Plaintiffs #1-21 on behalf of themselves (collectively, “Named Plaintiffs”)¹ and others similarly situated on April 29, 2015, against, *inter alia*, the County of Suffolk (the “County”), the Suffolk County Police Department (the “SCPD”), Edward Webber, and Milagros Soto (collectively, “County Defendants”) (together with Named Plaintiffs, the “Parties”). Prior to this settlement agreement, one of the Named Plaintiffs withdrew from the action.
2. Named Plaintiffs allege that County Defendants, through the SCPD, engage in policing policies, practices, and customs that violate the Fourth, Fifth, and Fourteenth Amendments to the United States Constitution and Title VI of the Civil Rights Act of 1964, 42 U.S. § 2000d. County Defendants deny Named Plaintiffs’ allegations.
3. On March 12, 2021, Judge Bloom recommended that the Court certify the proposed class pursuant to Rule 23(b)(2) (the “Class”), and deny, without prejudice, the motion to certify the proposed class seeking damages pursuant to Rule 23(b)(3). The Court adopted Judge Bloom’s report and recommendation in its entirety on April 5, 2021. The certified class consists of all Latino or Latina persons who, at any time after January 2012, have

¹ On November 5, 2018, Plaintiff #21 released all claims in the Action. For all activities that took place after that date or will take place in the future, references to Named Plaintiffs or Plaintiffs excludes Plaintiff #21.

been or in the future will be subject to a vehicular or pedestrian stop or detention by an agent of the Suffolk County Police Department in the county of Suffolk. Plaintiffs #1-20 were approved as the class representatives (the “Class Representative Plaintiffs”) and Milbank LLP and LatinoJustice PRLDEF were appointed as class counsel (the “Class Counsel”). Following the class certification decision, Plaintiffs #1-20 retained their individual claims for damages notwithstanding that the Rule 23(b)(3) class was not certified.

4. On March 24, 2022, the Court referred this Action to Mediation through the EDNY Trial Ready Rapid Mediation Pilot. The Parties informed the Court on July 26, 2022, that they had agreed in principle to a settlement of this Action. On July 29, 2022, the Court directed the Parties to prepare agreements that memorialize the Parties’ agreement to settle within 60 days. The Court has granted four requests by the Parties for extensions of time to file the settlement agreements. The deadline was extended to December 26, 2022, February 9, 2023, March 1, 2023, and March 6, 2023.
5. On March 29, 2021, the Office of the Suffolk County Executive issued the Police Reform & Reinvention Task Force Final Report (the “Reform Plan”).
6. The Parties have prepared this settlement agreement (the “Class Action Settlement Agreement”), which memorializes the Parties’ agreement to settle the Class’s claims against County Defendants (the “Class Action”).

Settlement”).² The Parties have also prepared a separate settlement agreement that memorializes the Parties’ agreement to settle Plaintiffs #1-20’s individual, non-Class claims for damages against County Defendants (the “Individual Settlement Agreement”).

7. The Individual Settlement Agreement addresses claims for damages held by the Named Plaintiffs³ due to alleged injuries suffered by them in their individual capacities. The relief provided to the Named Plaintiffs in the Individual Settlement Agreement is not on account of any claim held by the Class. There is no overlap between the claims released in this Class Action Settlement Agreement and the claims released in the Individual Settlement Agreement.

B. Jurisdiction

1. This Court has subject matter jurisdiction over this Action pursuant to 28 U.S.C. §§ 1331, 1343, and 2201.
2. Venue is proper in the Eastern District of New York pursuant to 28 U.S.C. § 1391.
3. The Court shall retain jurisdiction to enforce the terms of this Class Action Settlement Agreement.

² For the avoidance of doubt, Defendant Scott Greene is not party to this Class Action Settlement Agreement. This Class Action Settlement Agreement does not contemplate any settlement of the Class’s claims in the Action against Mr. Greene.

³ Excludes Plaintiff #21.

- (2) The Community Liaison Officer for each precinct or another member of the Community Relations Bureau shall attend at least one PLAB meeting each quarter for that precinct in person.

The links on the Spanish version of the website should direct users to versions of available vital documents, as defined by the SCPD Language Access Plan and SCPD Policy 333, that have been translated into Spanish. The SCPD may maintain the Spanish versions of the vital documents on one webpage.
- E. The SCPD will create an updated version of its implicit bias training. The updated version of implicit bias training will be created in conjunction with a consultant with experience and knowledge of best practices. It will incorporate the SCPD's own traffic stop data, as well as the annual analysis of that data performed by an independent third party (who may or may not be affiliated with the consultants(s)). In conjunction with the consultant, the SCPD will develop standards for in-house trainer certification as part of any train-the-trainer model and

will determine the appropriate mode of training. The updated version of the SCPD's implicit bias training will meet the following standards:

1. The training shall involve approximately eight hours of training, unless otherwise determined in consultation with the consultant, to be completed by each sworn member who has not yet completed the SCPD's existing implicit bias training. For those sworn members who have completed the SCPD's existing implicit bias training, the SCPD, in conjunction with the consultant, will develop appropriate training that incorporates the analysis of SCPD's traffic stop data. For purposes of the Implementation and Termination sections of this Class Action Settlement Agreement, substantial compliance shall require the creation of an updated version of the implicit bias training and the development of a Department-wide training schedule applicable to all sworn members. As per the Implementation Timeline, attached hereto as Exhibit A, Schedule 1, substantial compliance shall involve three-quarters of sworn police officers having completed Implicit Bias 2.0 training. Implicit Bias 2.0 training shall consist of the following: 8 hours (including Traffic Stop data analysis) for new recruits and supervisors; 4 hours (including Traffic Stop data analysis) for officers who have completed legacy Implicit Bias training. The SCPD's intention, in accordance with the training benchmarks in the Implementation Timeline, attached hereto as Exhibit A, Schedule 1, is to set the Department on the path to training the entirety of its sworn force.

2. Supervisory and command officers (those at the rank of Sergeant or higher) shall receive training appropriate to their supervisory and leadership roles, including the following, to the extent these subjects remain best practices in reducing implicit bias in policing: instruction on techniques for reviewing and analyzing traffic stop data; identification of potential bias issues and addressing trends in the data when they are discovered; identification of subordinates who may be acting in a biased manner; guidance on how they should respond to officers who exhibit biased policing behaviors; thinking about how bias might manifest in their own behavior; and guidance on how to speak about bias to individuals (e.g., officers and individual community members), organizations, and across media.
- F. The SCPD shall maintain and update on a quarterly basis, its public-facing Traffic and Pedestrian Stop Data Dashboards.
1. The Traffic Stop Data Dashboard will reflect data captured by SCPD officers during traffic stops.

SCPD shall include in its regular training on search and seizure law an explanation of the four levels of suspicion set forth in *People v. De Bour*, 40 N.Y. 2d 210 (1976).
- O. During traffic and pedestrian stops where no arrest, summons, field appearance tickets, or lights-on vouchers are issued, an officer will provide a business card which includes the officer's last name, command, shield number, and central complaint number if applicable unless the officer encounters physical resistance, flight, or other factors rendering such procedure impractical as set forth in department order 21-207. It is within the discretion of the Suffolk County Police Commissioner to promulgate and modify BWC policies and procedures in order to balance public safety, officer safety, transparency, personal privacy, evidentiary value in both criminal prosecution and internal investigations, and the resources involved in managing the resulting volume of BWC footage.

HRC shall report whether (a) it recommends further investigative actions and, if so, which actions; (b) it does not recommend

further investigative actions; and (c) if it does not agree with IAB's proposed disposition, it proposes an alternative disposition.

- W. Except as to the overnight shift, the SCPD will provide a certified Spanish Speaking Police Operations Aide or other similar-type title to provide language assistance at the front desk of the Third Precinct to ensure that LEP individuals have the ability to speak to a person in their native language.
- X. The SCPD will use best efforts, including web-based announcements in Spanish and English, to recruit and hire certified Spanish Speaking Police Operations Aides or other similar-type title for open positions, other than the overnight shift, at the front desks of the First, Second, and Fifth precincts in addition to providing the certified Spanish Speaking Police Operations Aide or other similar-type title in the Third Precinct as set forth above.
- Y. The Department will maintain a website reflecting the progress of implementation of the Reform Plan in substantially the same form as the following website:

The County Defendants must maintain such compliance with this Class Action Settlement Agreement for one year, following the agreement of the Parties that County Defendants have reached substantial compliance or after a judicial determination of the date that substantial compliance was achieved by the County Defendants. After the one year maintenance period, the County Defendants will ask the Class Representative Plaintiffs through

Class Counsel to join in their motion for the Court to order the termination of this Class Action Settlement Agreement. If the Class Representative Plaintiffs decline to jointly move to terminate the Class Action Settlement Agreement, the County Defendants may separately move for an order terminating the Class Action Settlement Agreement based on a showing that they have maintained substantial compliance for one year.

The Parties reserve the right to seek fees and costs incurred in connection with any action or proceeding to address material non-compliance with the terms of the Class Action Settlement Agreement.

422.2 POLICY

The Suffolk County Police Department (the "Department") recognizes the need to utilize emerging technologies to further the police mission. The use of body-worn cameras ("BWC" or "BWCs") by law enforcement has proven effective in reducing violent confrontations against police officers, use of force incidents, and complaints against police officers. 1. What is this notice and why should I read it?

This notice is to inform you of a proposed Class Action Settlement of a class action lawsuit entitled *Plaintiffs #1-21, et al v. County of Suffolk, et al.*, Case No. 15-cv-02431-WFK-LB, brought on behalf of the Class, and pending in the United States District Court for the Eastern District of New York. The Court has granted preliminary approval of the Class Action Settlement and has set a Final Approval Hearing to take place on [insert date, time] at 225 Cadman Plaza East, Brooklyn, NY 11201, to determine if the Class Action Settlement is fair, reasonable, and adequate. **Note:** This date and time are subject to change by Court Order and may change without further notice to the Class.

This notice describes the proposed Class Action Settlement. Your rights and options – **and the deadlines to exercise them** – are explained in this notice. If you are a Class Member your legal rights are affected regardless of whether you act.

2. What is a class action lawsuit and what is this lawsuit about?
--

In a class action, one or more people, called Class Representatives, sue for themselves and for people who have similar claims. The people who brought the case – and all the Class Members like them – are called Plaintiffs. The people or entities they have sued are called Defendants, or the “County Defendants” here. The case name is *Plaintiffs #1-21, et al v. County of Suffolk, et al.*, and the case number is 15-cv-02431-WFK-LB. The court in charge of this case is the United States District Court for the Eastern District of New York, the Honorable William F. Kuntz, II presiding.

This class action lawsuit involves claims by the Plaintiffs as representatives of the Class of all similarly situated Latinos in Suffolk County who are, or will be at risk of being subject to discriminatory and unconstitutional policing policies, patterns, and practices by County Defendants in violation of the Fourth, Fifth, and Fourteenth Amendments to the Constitution of the United States, 42 U.S.C. § 1983, Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, and the common law of the state of New York. Before the Court made a final determination in this lawsuit regarding whether the County Defendants’ conduct is lawful or unlawful, Plaintiffs and the County Defendants reached this Class Action Settlement. This Class Action Settlement does not seek any money from the County Defendants on behalf of the Class, except to reimburse Plaintiffs’ attorneys for their fees and costs spent in bringing this lawsuit.

3. How do I know if I am part of the Class?

The Court has certified the following class (the “Class”): All Latino or Latina persons who, at any time after January 2012, have been or in the future will be subject to a vehicular or pedestrian stop or detention by an agent of the Suffolk County Police Department in the county of Suffolk. If you are one of these persons, you are participating in the lawsuit.

The Court has approved the distribution of this notice so that members of the Class can voice their support or opposition to final approval of the Class Action Settlement, and to explain how those in the Class may obtain the non-monetary relief offered by the Class Action Settlement. If the Class Action Settlement does not receive final approval by the Court, or the Parties terminate it, the Class Action Settlement will be void, and the lawsuit will continue as if there had been no Class Action Settlement.

4. Why is there a settlement?

The Court has not decided in favor of either side in this case. The County Defendants deny all allegations of wrongdoing. The County Defendants are settling in order to avoid the risks and substantial expense of further protracted litigation, including trial and appeal. Plaintiffs and their attorneys maintain that their claims are meritorious, but believe that the Class Action Settlement is in the best interests of the Class because it provides an appropriate recovery now while avoiding the risks, expense and delay of pursuing the case through trial and any appeals.

5. What does the settlement provide?

This notice summarizes the proposed Class Action Settlement. For the complete terms and conditions of the Class Action Settlement, please see the Class Action Settlement Agreement available at [Milbank link], by contacting Class Counsel (*see* Question No. 7 for contact information), by accessing the Court docket in this case, for a fee, through the Court’s Public Access to Court Electronic Records (PACER) system at <https://ecf.nyed.uscourts.gov>, or by visiting the office of the Clerk of Court for the United States District Court for the Eastern District of New York, between 8:30 am and 5:00 pm, Monday through Friday, excluding Court holidays.

PLEASE DO NOT TELEPHONE THE COURT OR THE COURT CLERK’S OFFICE TO
INQUIRE ABOUT THIS CLASS ACTION SETTLEMENT PROCESS.

Pursuant to the Class Action Settlement Agreement, the Plaintiffs and County Defendants have agreed to substantive terms modifying and supplementing SCPD policies, procedures and practices. The County Defendants have agreed to the following in the Class Action Settlement Agreement:

Precinct Level Advisory Boards: Through this Class Action Settlement Agreement, SCPD will establish a Precinct Level Advisory Board (“PLAB”) for each SCPD precinct. The PLABs will focus on addressing community concerns, fostering new relationships between the SCPD and community leaders, expanding the community engagement reach within each precinct, and providing a clear line of communication between the SCPD and

the community. Annually, at a regularly scheduled quarterly meeting the Commanding Officer will be available to present up-to-date data on the precinct's traffic and pedestrian stop activity. These meetings will be in addition to the public community meetings that already occur.

Implicit Bias Training: SCPD will work with a qualified third-party provider to establish an Implicit Bias 2.0 Training, which will be an updated version of the SCPD's current implicit bias training program. The training will incorporate an analysis of the SCPD's traffic stop data which will be completed by an independent third party. It is the intention of the County Defendants that all sworn officers will complete the Implicit Bias 2.0 Training.

Traffic Stop Data and Analysis: County Defendants will maintain their Public Traffic and Pedestrian Stop Data Dashboard with quarterly publication of its raw data. The raw data sets will include, amongst other data, information related to: (i) where a stop occurred, (ii) the police action taken, and (iii) anonymized license plate data.

SCPD will continue to engage an independent third party to review the SCPD's traffic and pedestrian stop data and publish a report on an annual basis. Additionally, the SCPD's precinct commanding officers, or their designees, will review traffic stop data quarterly to identify and address atypical patterns of traffic stops and/or enforcement activity.

The SCPD will issue an annual public report that includes information related to Internal Affairs Bureau ("IAB") complaints, including: (i) the number of complaints by type of allegation; (ii) case disposition per investigation; (iii) bias policing allegations; (iv) bias policing dispositions; (v) bias policing allegations by race or ethnicity; (vi) bias policing allegations by race or ethnicity per year; (vii) bias policing allegations by precinct/race or ethnicity; and (viii) the time it takes to complete investigations.

Traffic and Pedestrian Stop Training: The SCPD will ensure that its officers receive the appropriate training related to the SCPD policies regarding: (i) searches based solely on consent, (ii) permissible questions during traffic stops, (iii) search and seizure law and the four levels of suspicion; and (iv) adequate recording of necessary stop data, such as the primary reason for a stop. Moreover, officers will be instructed to provide only a warning when encountering a minor vehicle equipment violation, unless there are additional facts or circumstances justifying a ticket for the equipment violation offense. Furthermore, where no additional action is taken during a stop, officers will be instructed to provide a business card in both English and Spanish that includes their information, and both the IAB and the Human Rights Commission "HRC" contact information. The contact information for both the IAB and HRC will also be prominently displayed on the SCPD website.

Language Access: The SCPD will implement additional procedures to improve language accessibility and ensure alignment with the goals and spirit of SCPD Policy 333. Specifically, the SCPD will include links on its website to tools that translate webpages into Spanish. The Spanish version of the website will include links to Spanish versions

of documents and forms. Moreover, the SCPD will provide language assistance services in accordance with the procedures contained in SCPD Policy 333 and will make residents aware that such services are available to them free of charge. The SCPD will post Language Access statistics on its website on a quarterly basis.

County Defendants will also hire certified Spanish Speaking Police Operations Aides to provide language assistance at the front desk of the Third Precinct, other than for the overnight shift. Furthermore, County Defendants agree to use best efforts to recruit and hire certified Spanish Speaking Police Operations Aides for open positions, other than the overnight shift, for the front desks of the First, Second, and Fifth Precincts.

Civilian Oversight Review Process: A civilian oversight review process will be managed by the HRC as follows: (i) providing an additional mechanism for in-person and online means by which the public may file complaints of officer misconduct; (ii) reviewing in tandem IAB investigations of police misconduct complaints being investigated by the IAB and over which the HRC has jurisdiction pursuant to its powers and duties under Suffolk County Code Section 119-3; (iii) accessing the Department's shared data portal to monitor the status of open complaints; and (iv) offering recommendations on additional steps to be taken by the IAB as part of a particular police misconduct investigation. The HRC will issue an annual report summarizing its review activities, observations, and recommendations.

Body-Worn Camera Policy: SCPD will comply with its Body-Worn Camera Policy 422 and Body-Worn Camera Procedure 422 and will deploy the use of body-worn cameras as standard police worn equipment for all authorized officers who regularly engage with the public in the course of their professional duties.

U-Visa Matters: The Commanding Officer of the SCPD's Hate Crimes Bureau (or his/her designee) will be designated as the contact person for all U-Visa matters, using appropriate language access resources, conducting outreach to crime victims, providing information regarding U-Visas, and responding to inquiries.

6. What are my rights as a member of the Class?
--

If you **are** satisfied with the proposed Class Action Settlement, you do not have to do anything.

Even if you **are not** satisfied with the proposed Class Action Settlement, you do not have the right to opt out of the Class Action Settlement.

If you **are not** satisfied with the proposed Class Action Settlement, you **may object** to the Class Action Settlement or Class Counsels' request for fees by submitting your objection in writing to the Court. Specifically, you can ask the Court to deny approval by filing an objection. You cannot ask the Court to order a different settlement; the Court can only approve or reject the proposed Class Action Settlement. If the Court denies approval, this lawsuit will continue. If that is what you want to happen, you must object.

Any **objection** to the proposed Class Action Settlement must be in writing. All written objections and supporting papers must (a) clearly identify the case name and number (*Plaintiffs #1-21, et al v. County of Suffolk, et al.*, Case No. 15-cv-02431-WFK-LB), (b) include the Class Member's Name, (c) include the Class Member's current address and telephone number, or current address and telephone number of the Class Member's legal representative, and (d) include an explanation of why the Class Member objects to the Class Action Settlement, including any supporting documentation and the reasons, if any, for requesting the opportunity to appear and be heard at the Final Approval Hearing. All written objections and supporting papers must then be submitted to the Court either by mailing them to the Court Clerk, United States District Court for the Eastern District of New York, or by filing them in person at any location of the United States District Court for the Eastern District of New York. All written objections must be filed or postmarked on or before [insert date]. **Note:** Failure to comply with all requirements of this section shall constitute grounds for striking an objection or denying a request to be heard, if applicable.

If you file a timely written objection that complies with the above-mentioned requirements, you may, but are not required to, appear at the Final Approval Hearing, either in person or through your own attorney. The Final Approval Hearing is scheduled for [insert date, time] at 225 Cadman Plaza East, Brooklyn, NY 11201 to determine if the Class Action Settlement is fair, reasonable, and adequate. **Note:** this date and time are subject to change by Court Order and may change without further notice to the Class. If you appear through your own attorney at the Final Approval Hearing, you are responsible for hiring and paying that attorney.

If, after the hearing, the Court rejects the Class Action Settlement Agreement, the Parties will continue to litigate this dispute in front of the Court. If that happens, there is no guarantee that: (1) the Court will rule in favor of the Class Members; (2) a favorable Court decision, if any, would be as favorable to the Class Members as this Class Action Settlement; or (3) any favorable Court decision would be upheld if the Government filed an appeal.

7. Who represents the Class?

Class Representatives: For purposes of the Class Action Settlement, the Court has appointed Plaintiffs #1-20 to serve as the class representatives.

Class Counsel: The Court has decided that the law firm of Milbank LLP and LatinoJustice PRLDEF are qualified to represent you and all Class Members in this case. These lawyers are called Class Counsel. They are experienced in handling similar cases. From the beginning of the case in April 2015 to the present, Class Counsel has not received any payment for their services in prosecuting the case or obtaining the Class Action Settlement, nor have they been reimbursed for any out-of-pocket expenses they have incurred. The Class Action Settlement includes an amount for attorneys' fees and expenses, the appropriateness of which the Court will consider in determining whether to approve the Class

Action Settlement. You may hire your own lawyer to represent you in this case if you wish, but it will be at your own expense.

8. What is the effect of final settlement approval?

If the Court grants final approval of the Class Action Settlement, Plaintiffs agree that they will dismiss with prejudice their claims in the Action against the County Defendants.

The Court will retain exclusive jurisdiction over the Class Action Settlement Agreement for the purpose of enforcing any of its provisions and terms, and the Court's retention of jurisdiction shall be noted in the dismissal of this action. The Court shall retain exclusive jurisdiction to enforce the Class Action Agreement until it issues a decision to terminate the Class Action Settlement Agreement.

9. When and where will the Court hold a hearing on the fairness of the Class Action Settlement?

The Final Approval Hearing is scheduled for [insert date, time] at 225 Cadman Plaza East, Brooklyn, NY 11201 to determine if the Class Action Settlement is fair, reasonable, and adequate, and to consider the request by Class Counsel for attorneys' fees. **Note:** this date and time are subject to change by Court Order and may change without further notice to the Class.

At the hearing, the Court will hear any comments, objections, and arguments concerning the fairness of the proposed Class Action Settlement. If you have filed an objection to the Class Action Settlement, the Court has the right to require your attendance at the Final Approval Hearing. You will be contacted by the Court or by Class Counsel if the Court requires your appearance. If you intend to appear at the Final Approval Hearing through your own attorney, your attorney will need to file a notice of intent to appear with the Court. CLASS ACTION SETTLEMENT AGREEMENT**

The Court determines, preliminarily, that the Parties' March 6, 2023 Class Action Settlement Agreement (the "Class Action Settlement Agreement") and its terms fall within the range of reasonableness and merits final approval.

The Court also determines that the Class Notice and notice procedure as described in the Joint Motion for Preliminary Approval of Class Action Settlement Agreement and Approval of Notice to the Class of Class Action Settlement ("Joint Motion for Preliminary Approval"): (i) meets the requirements of Rule 23(e)(1) and due process; (ii) that individual notice to class members is not feasible under these circumstances; (iii) that the proposed method, schedule and form of notice is reasonably calculated, under the circumstances, to apprise the Class Members of their right to object to the proposed Class Action Settlement; and (iv) the proposed method,

schedule and form of notice is reasonable and constitutes due, adequate, and sufficient notice to all those entitled to receive notice.

Having determined the above, the Court hereby GRANTS the Parties' Joint Motion for Preliminary Approval, and orders the following:

1. The proposed Notice of Proposed Class Action Settlement and Fairness Hearing and notice procedure, as set forth in the Joint Motion for Preliminary Approval, are approved, subject to finalization consistent with this Order;
2. There are no rights of Class Members in this Rule 23(b)(2) class to "opt-out" of the Class Action Settlement Agreement and the proposed agreement would bind Class Members;
3. The Parties shall cause the Class Notice to be disseminated in the manner set forth in the Joint Motion for Preliminary Approval on or before the Notice Date;
4. Any Class Member who wishes to object to the fairness, reasonableness, or adequacy of the Class Action Settlement must submit his or her objection ("Objection") to the Court in writing, via regular mail on or before the Objection Date, with copies to counsel for the Parties. Such Objection shall include a statement of his or her objection, as well as the specific reason, if any, for each objection, including any legal support the Class Member wishes to bring to the Court's attention and any evidence the Class Member wishes to introduce in support of his or her objection. The Objection shall also state whether the Class Member and/or his or her counsel wishes to make an appearance at the Final Approval Hearing, or be barred from separately objecting;
5. The Notice Date is the date by which the Parties must give notice to the Class in accordance with the procedures set forth in the Joint Motion for Preliminary Approval

and is hereby set for five days following approval by the Suffolk County Legislature of the Class Action Settlement Agreement.

6. The Objection Date is the date by which Class members must submit any objections to the Class Action Settlement Agreement to the Court in accordance with the procedure set forth in the Joint Motion for Preliminary Approval and the Notice of Proposed Class Action Settlement and Fairness Hearing.

- a. The Objection Date is hereby set for the first business day that is not a Court holiday that is at least 30 days following the Notice Date.

7. The Response Date is the date by which the Parties must file with the Court any written response to objections received to the Class Action Settlement Agreement and a certification describing the date(s) and time(s) that notice was provided to the Class and the manner in which it was provided.

- a. The Response Date is hereby set for the first business day that is not a Court holiday that is at least 14 days after the Objection Date.

8. The Final Approval Hearing to consider the fairness, reasonableness, and adequacy of the Class Action Settlement Agreement under Rule 23(e)(2) will be held on the first available date that is convenient for the Court following the Response Date at U.S. District Court, 225 Cadman Plaza East, Brooklyn, New York 11201.

- a. The Parties will contact the Court on the date that the Suffolk County Legislature approves the Class Action Settlement Agreement or as soon as practicable thereafter (and prior to the Notice Date) to (a) obtain a date and time certain for the Final Approval Hearing to include in the Notice of Preliminary Approval; and

(b) to inform the Court of the specific month, day, and year of the Notice Date, Objection Date, and Response Date, as guided by this Order.

IT IS SO ORDERED

**[PROPOSED] FINAL ORDER APPROVING CLASS ACTION SETTLEMENT AND
JUDGMENT DISMISSING CLASS CLAIMS AGAINST COUNTY DEFENDANTS
WITH PREJUDICE**

Plaintiffs #1-20 (“Plaintiffs”), individually and on behalf of the Class, as defined below,
and the County of Suffolk, the Suffolk County Police Department, Edward Webber, and
Milagros Soto (collectively, “County Defendants”), determined to settle the above-captioned
matter (the “Action”) on the terms and conditions set forth in the Class Action Settlement
Agreement dated March 6, 2023, and all appendices thereto (the “Class Action Settlement
Agreement”), the original of which is filed with the Clerk of the Court (this settlement process is
hereinafter referred to as the “Class Action Settlement”).

Currently pending is an application for final approval of the Class Action Settlement
Agreement pursuant to Rule 23(e) of the Federal Rules of Civil Procedure.

The Court makes the following findings:

1. On [DATE OF PRELIMINARY ORDER], the Court entered an Order Granting Motion for Preliminary Approval of Class Action Settlement Agreement (the “Preliminary Approval Order”) and, after being notified of the approval by the Suffolk County Legislature, directed that notice be given to the members of the Class of the proposed Class Action Settlement and Fairness Hearing.
2. In the Preliminary Approval Order, the Court approved the form of Class Notice directed to members of the Class.
3. On the dates and in the manner described in the certifications filed by the Parties on the [RESPONSE DATE], ECF Nos. [INSERT] the Parties provided Notice to the Class.
4. In accordance with the Notice, the Fairness Hearing was held on [DATE OF FAIRNESS HEARING].

The Court, having entered the Preliminary Approval Order, having heard the arguments in support of the Class Action Settlement, having reviewed all of the evidence, objections, and other submissions presented with respect to the Class Action Settlement and related matters, and the record of all proceedings in this case, and having considered all appropriate matters under Federal Rule of Civil Procedure 23(e) and case law interpreting it and other legal requirements, and having made the necessary findings,

It is hereby ORDERED, ADJUDGED, AND DECREED that:

1. This Court retains exclusive subject matter jurisdiction over this Action in accordance with Section I.B.1. of the Class Action Settlement Agreement. If the Parties are unable to resolve a dispute, the allegedly aggrieved Party may file a motion with the Court.

2. The terms of the Class Action Settlement Agreement are incorporated into this Judgment, including the releases contained therein.

3. The Class includes all individuals who meet the definition of the Class certified by the Court on April 5, 2021:

All Latino or Latina persons who, at any time after January 2012, have been or in the future will be subject to a vehicular or pedestrian stop or detention by an agent of the Suffolk County Police Department in the county of Suffolk.

4. As set forth in the Class Action Settlement Agreement, the settlement provides for injunctive and declaratory relief benefitting the Class, which was certified under Federal Rule of Civil Procedure 23(b)(2). The Class Action Settlement Agreement does not provide for damages. The Class Action Settlement Agreement releases Class claims against the County Defendants. The Class Action Settlement Agreement does not release any claims against Defendant Scott Greene, the sole remaining defendant in this case following this Order.

5. Notice to the members of the Class has been given in an appropriate, adequate, and sufficient manner and the Class Notice was reasonably calculated to apprise interested parties or the pendency of the Action, the nature of the claims, the definition of the Class, their opportunities to present objections to the Class Action Settlement. The Notice complied in all respects with the requirement of the Federal Rules of Civil Procedure, the United States Constitution (including the Due Process Clause), the rules of this Court, and other applicable law.

6. Members of the Class were given the opportunity to object to the Class Action Settlement. ____ Class Members filed an objection to [ANY DESCRIPTION OF THE OBJECTIONS].

7. The Court finally approves the Class Action Settlement in all respects as fair, reasonable, adequate, and in the best interests of the Class pursuant to Rule 23(e). The Class Action Settlement was not a product of fraud or collusion, and the Court finds it satisfies Rule 23(e)(2) after considering the factors stated therein and those of the case law interpreting them and related constitutional requirements, including, *inter alia*:

(1) the complexity, expense and likely duration of the litigation; (2) the reaction of the class to the settlement; (3) the stage of the proceedings and the amount of discovery completed; (4) the risks of establishing liability; (5) the risks of establishing damages; (6) the risks of maintaining the class action through the trial; (7) the ability of the defendants to withstand a greater judgment; (8) the range of reasonableness of the settlement fund in light of the best possible recovery; (9) the range of reasonableness of the settlement fund to a possible recovery in light of all the attendant risks of litigation.

City of Detroit v. Grinnell Corp., 495 F.2d 448, 463 (2d Cir. 1974).

8. The terms of the Class Action Settlement Agreement, including all exhibits to the Class Action Settlement Agreement and to this Judgment Order, shall be forever binding on the Class.

9. Defendant Greene is not a party to the Class Action Settlement Agreement and the Class Action Settlement does not release any claims against Defendant Greene.

10. None of the Class Action Settlement and Final Order approving it, this Judgment, any papers related to the Class Action Settlement, nor the fact of Class Action Settlement shall be used as a finding or conclusion of the Court, or an admission by County Defendants, of any fault, wrongdoing, or liability whatsoever.

11. The Parties shall provide “Final Notice” to the Class on the terms set forth in the order granting Preliminary Approval of Class Action Settlement Agreement and substantially in the form attached to the Class Action Settlement Agreement.

12. County Defendants shall have no liability or responsibility for any payments, fees, or costs under this Final Order and Judgment or the Class Action Settlement Agreement aside from the award of attorneys' fees to be paid to Class Counsel pursuant to the Class Action Settlement Agreement.

13. Nothing in this Judgment shall preclude any action to enforce the terms of the Class Action Settlement Agreement as laid out in Section I.B.3. of the Class Action Settlement Agreement.

14. Without affecting the finality of this Judgment in any way, this Court will retain exclusive continuing jurisdiction over all Parties and Class Members with regard to implementation of the Class Action Settlement Agreement and enforcement and administration of the Class Action Settlement Agreement, including the release and fees provisions thereof, in accordance with the terms in Sections IV.F. and IV.H. of the Class Action Settlement Agreement. The Court may order any appropriate legal or equitable remedy necessary to enforce the terms of this Judgment and/or the Class Action Settlement.

15. The Action is dismissed with prejudice as against the County Defendants as to all claims other than those dismissed in the Court's separate Order of [DATE] granting the request of the Named Plaintiffs under Federal Rule of Civil Procedure 41(a) to dismiss all claims for damages against the County Defendants held by the Individual Defendants in their personal capacity only. Together with that separate Order dismissing the Named Plaintiffs' individual claims for damages, all claims in the Action against the County Defendants have been dismissed with prejudice and there is no just cause to delay the entry of this Judgment as a final Judgment in the Action as against the County Defendants.

The Clerk is directed to enter this final judgment with respect to the County Defendants in the Action.

Because Scott Greene remains a defendant in the action, the Clerk is directed keep the file open.

IT IS SO ORDERED
